

Washington, DC – Congressman Harry Teague announced that the Pueblo of Acoma Housing Authority has been awarded a grant for \$1,015,600. The funding, allocated by the Department of Housing and Urban Development through the Indian Housing Block Grant Program and the Native American Housing Assistance and Self Determination Act (NAHASD), can be put toward affordable housing projects, including new construction, rehabilitation of existing housing, management services for low-income housing and crime prevention safety.

“New construction and affordable housing projects not only provide homes for families, but they also create important jobs in the community. I’m pleased to see this important investment made in southern New Mexico,” said Harry Teague.

NAHASD has helped provide adequate housing for thousands of families. The Act reorganized the system of housing assistance provided to Native Americans through the Department of Housing and Urban Development by eliminating several separate programs of assistance and replacing them with one program.
